## **DETAILED ACTION**

### ***Election/Restrictions***

The restriction requirement is maintained for the reasons of record. Claims 1-6, 12-16 remain withdrawn from further consideration by the examiner.

### ***Claim Rejections - 35 USC § 103***

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 7-11 and 17-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Braswell et al. in view of Facino et al. and Intelisano.

Applicant argues that Braswell makes no suggestion that Echinacea induces phase II activity. Fact is, applicant is treating cancer. Braswell makes it very clear that Echinacea extracts are known to be used to treat cancer, see col. 2 and col. 3. Thus it clearly would have been well within the purview of the skilled artisan to carry out the claimed method.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
